What: The Honorable Dorothy Brown, Clerk of the Circuit Court of Cook County, will present the Cook County Integrated Criminal Justice Information System (CCICJIS) Plan to members of the West Suburban Chiefs of Police Association during the group's regular monthly meeting.

The CCICJIS Plan was developed from Clerk Brown's determination that Cook County citizens would be best served by the sharing of information between the various agencies that comprise and are essential to the County and State Criminal Justice System. Clerk Brown also recognized the need to ensure prompt and accurate recording and reporting of pertinent information between agencies.

"Law enforcement associations, such as the West Suburban Chiefs of Police, are essential to the success of the CCICJIS Plan," said Clerk Brown. "These are the people who work daily to ensure justice for Cook County citizens. Their input is very important."
