**DOROTHY BROWN'S STAFF WEARS RED TO RAISE AWARENESS
ABOUT HEART DISEASE IN WOMEN**

CHICAGO (February 1, 2008) - The Honorable Dorothy Brown, Clerk of the Circuit Court, and her staff joined companies across the nation in support of the American Heart Association's (AHA) National Wear Red Day on Friday, February 1st, to increase awareness of the number one killer of women; heart disease.

"Clerk's Office employees and I are always eager to participate in the 'Go Red for Women' campaign to encourage women to lead healthier lives and seek measures that prevent heart disease," said Clerk Brown. "We are learning more and more about how women's health needs change over time, and that is why it is important for women to start early in identifying risk factors and heart-healthy goals."

National Wear Red Day is part of "Go Red for Women," the American Heart Association's national campaign to raise awareness of heart disease in women. The campaign provides information on exercise, healthy food consumption and risk reduction, including blood pressure control, blood cholesterol management and weight maintenance.

Gail Lutz (center), Chief of Staff and Executive Clerk of Public Policy and Human Resources for the Office of the Clerk of the Circuit Court of Cook County, is joined by Clerk's Office staff who wore red to work on February 2, in honor of the American Heart Association's (AHA) National Wear Red Day. Wear Red Day is a component of 'Go Red for Women', the AHA's national campaign to raise awareness of heart disease in women and encourage women to control their heart health.
